BLAZEK FARM

The Robert and Vivian Blazek family farm was purchased in 1937 by Antone and Lucille Blazek.

In 1939 the barn was purchased, disassembled, and moved by horse drawn wagons from Breed to its current location at 9079 Cty K. The farm was used for dairy until 1958.

In 1998 Robert purchased the farm and turned it into a tree farm with 17 acres still being cultivated as crop land.

This block was installed by the Oconto Electric Cooperative in May 2016.
