KERSHEK FARM

This block was made and installed by the Joe and Jacquelyn Kershek family to honor Joe's mother Blanche. Blanche was a devoted quilter all of her adult life. Many grandchildren took a quilt to college or to their new homes when they married that was made by Blanche.

After Blanche passed away, the Kershek family found many of her quilt blocks ready to be sewn into quilts. They got together and made a quilt for great grand-daughter Kaitlyn as well as one for their great great grand-daughter Zoe. They like to think that Blanche is smiling down from heaven and enjoying newly made quilts and her barn quilt!
