

NELSON FARM

Bill and Barbara Nelson purchased the farm on January 5, 1977 and are the current owners. The farm was purchased from the State of Wisconsin by Bill Nelson's grandpa, Charles Nelson, on July 7, 1886. The nearest neighbors back then were 3 miles away.

On December 14, 1938 Uncle Walter and Aunt Hildegard Nelson purchased the family farm, and they farmed the property for 39 years.

Bill and Barb sold the cows on September 26, 2013, but still have a few steers. They currently rent out their land.
