

#27 GOLDEN CORNERS DAIRY

WOLF FAMILY FARM

Golden Corners Dairy LLC is currently a 3rd generation farm. It was purchased by Henry and Caroline Wolf in 1946.

John and Bev bought the farm from John's parents in 1979. In 2009, Golden Corners Dairy LLC was formed. Currently the two sons of John and Bev (Andy and Bryan) are also owners and operators of Golden Corners Dairy.

The name Golden Corners Dairy was chosen as the farm name as a reference to the Golden Corners cheese factory which was just across the field from the farm, going back to the early 1900's.

On June 14th, 2015, the Golden Corners Dairy was the host farm for Oconto County Breakfast on the Farm.

This block was installed by the Oconto Electric Cooperative in May 2015 in preparation for the Oconto County Breakfast on the Farm (while their girls looked on...we think they approve!)
